The Jonathan House ministry team KNOWS spiritual warfare. I highly recommend to you Bob and Betty Walker, my beloved friends, prayer partners, and ministry colleagues. These humble servants have been significantly used by God to help numerous individuals win "spirit war" victories. **Wendell Amstutz Author, *Exposing and Confronting Satan and Associates***

I have experienced the Healing and Freedom through a deliverance with The Jonathan House. I was amazed that I had never been taught anything about my power and authority over Satan through Jesus Christ. After working with The Jonathan House, deliverance, freedom and restoration is now a part of Rejoice Church! We are forever grateful to The Jonathan House for helping us fulfill the Scriptures "in healing the sick and setting the captives free." Ministry Pastor at Rejoice! **Lutheran Renewal Church.**

At Bridge Builders for Kids, we see children of prisoners as a "planting of the Lord." Our vision is to see these children grow and develop into oaks of righteousness, a crown of beauty, a display of God's splendor, and to see these children bring healing and restoration to our cities. In order for this to happen the generational issues and strongholds holding these families captive must be addressed. The Jonathan House has been doing an outstanding job in equipping us to address these spiritual strongholds and bringing these families through an inner healing process so that they can be truly "set free" and know who they are in Christ. **Jeff Bremer, Executive Director for Bridge Builders for Kids**

Equipping Captives to Become Warriors

The heartbeat of The Jonathan House Ministries is to assist and equip every person to walk in their full potential before God and man. We understand life is not always easy, and many are born into less than ideal circumstances, forcing many to believe they have been relegated to a life of pain, suffering, and insignificance; herein lies the ministry of The Jonathan House. The good news of the Gospel is that Christ came to set the captives free. No longer do you have to be held captive to your past. The Jonathan House Ministries specializes in ministering to the spirit, soul, and body of the individual. Through the Lord's divine guidance and many years of experience, we work to uncover the roots of your problems, effectively dealing with them. **The Jonathan House — Where the Captives Go to Be Set Free!**

Free At Last

Stories of Freedom

Read how God is powerfully impacting people's lives. Those who were enslaved to bondage for years are finding hope and freedom in Christ. God's plan is for every individual to live a life that manifests the power of God and is free of demonic influence. At The Jonathan House we believe that you do not have to live under bondage or torment any longer. Through the shed blood of Jesus Christ you too can live a life of victory. May you be encouraged as you read the testimonies The Jonathan House has received.

"My wife, and I were EXTREMELY apprehensive about attending a prayer and deliverance session. However, our fears were totally unfounded. The experience was pin point accurate prayer specific to the individual survey filled out prior to our appointments. The environment was that of love, blessings and care. My wife and I now agree that The Jonathan House is important for every Christian. Being free is Biblical!"

"I had no idea how deeply broken and held in bondage I was until I tasted true freedom! I have been a Christian for many years. And although I believed that Jesus was powerful enough to die for me and my sins, I was not convinced that He would use His power to free me of the anxiety, fear, guilt and hopelessness that plagued me my entire life. This "baggage" I carried around imprisoned me and kept me from accomplishing His will for my life. However, in His perfect time, the Lord brought The Jonathan House Ministries into my life and used its faithful servants to lead me to a place of healing and

freedom. They helped me to fully understand the power and victory that comes with being a child of God. I am learning more and more about my identity in Christ. I am actively choosing to walk with him daily and stand firm in the strength of the Lord. Believe me, once you experience true freedom, there is no turning back!"

"The freedom I experienced after going through a personal ministry session at The Jonathan House was absolutely incredible. Thoughts that had tormented me and held me back for the majority of my life were instantly gone. Sharing this new freedom with others prompted 15 of my friends and family members to go through a personal ministry session themselves. It's been so fun to see the breakthroughs happening in their lives after being set free from things that had been plaguing or holding them back."

"Earlier this year I found myself on the battleground of spiritual warfare. I believe in spiritual warfare, but had not experienced it before; at least not like this. A crisis occurred in our family and this gateway was where the oppressive spirits started the torment in my mind. I thought I could deal with it through my prayer and devotion, but I was an unarmed Christian. I didn't know what was holding me back. I wanted so much to understand. I was falling apart inside and didn't know what to do. It's like I was able to function like a shell of a person, but all torn up inside. The tormenting was at an all-time high and I didn't think I could make it through the day. The spiritual attacks were relentless. Thoughts of failure, guilt, doubt, depression, and such kept surround-

ing my mind. It felt like a swirling around me and as soon as I dealt with one issue, another swooped in its place. I was losing ground emotionally. I was an emotional basket case."

"The Jonathan House Ministry provides deliverances for people who want to be healed. They have extensive experience in dealing with spiritual warfare. My deliverance was very powerful and loving, filled with scripture and was a very orderly procedure."

"The Jonathan House has a gentle and caring way of seeing things, especially spiritual things. During my deliverance I felt like a dump truck was in my chest that kept dumping out all the garbage. There were oppressive spirits that had to surrender to the authority of Jesus Christ. Their release takes mental work, but the peace that follows is so wonderful. After I was finished, all I could feel, think and say is "I AM FREE"! I felt such a refreshing freedom that a joy filled my heart like I have never felt before. I now understood what being victorious is all about! I am more than a Conqueror through Him who loved ME! The oppression is not there anymore, it's like a weight that has been lifted. The Holy Spirit has filled me with such love. Every believer needs to experience this freedom and right to victory."
